These books still have pages waiting for you. Returning to a partially-read book can be more rewarding than starting a new one.

Supporting evidence:

- Applied Reading Systems: 93%
- Progress and Reflection: 93%
- Local-First Notes: 83%
- Practical Annotation Design: 77%
- Systems of Attention: 77%
- Telemetry for Readers: 72%
- Practical Annotation Design: 71%
- Systems of Attention: 70%

Recommendation: You are close to finishing "Applied Reading Systems" (93%). Consider completing it.

Related books: Applied Reading Systems, Progress and Reflection, Local-First Notes, Practical Annotation Design, Systems of Attention

Vocabulary Activity

Vocabulary Activity: 334 Lookups

Summary: You looked up 334 words across your reading sessions.

Your vocabulary exploration spans 12 books. "Practical Annotation Design" triggered the most lookups.

Supporting evidence:

- Total lookups: 334
- Most looked-up book: Practical Annotation Design (57)
- "volatility": looked up 24 times
- "coherence": looked up 22 times
- "observability": looked up 21 times
- "adversarial": looked up 21 times
- "telemetry": looked up 21 times

Recommendation: Review your most-looked-up words to reinforce vocabulary retention.

Related books: Practical Annotation Design, Progress and Reflection, Telemetry for Readers, Applied Reading Systems, Vocabulary in Context

Reading Patterns

Favorite Author: J. Turner

Summary: You have read 4 books by J. Turner with 115 total annotations.

J. Turner is your most annotated author across multiple titles. You captured 115 annotations across 4 books.

Supporting evidence:

- Progress and Reflection: 33 annotations
- Vocabulary in Context: 33 annotations
- The Knowledge Workflow: 25 annotations
- The Pattern Archive: 24 annotations

Recommendation: Look for more titles by J. Turner, or compare themes across their books.

Related books: Progress and Reflection, The Knowledge Workflow, The Pattern Archive, Vocabulary in Context

Completion Rate

Summary: 6% of your tracked books are completed (2 of 32).

You have finished 2 books, with 28 still in progress and 2 not yet started.

Supporting evidence:

- Completed: 2
- In progress: 28
- Not started: 2

Recommendation: You have 28 books in progress. Consider finishing one before starting a new title.

Related books: Applied Reading Systems, Applied Reading Systems, Applied Reading Systems, Local-First Notes, Local-First Notes

Reading Time Breakdown

Summary: You spent the most time reading "Systems of Attention" (6h 51m).

Across 32 books with time data, you have logged 121h 26m of total reading. "Systems of Attention" represents the largest investment at 6h 51m.

Supporting evidence:

- Longest reading session: Systems of Attention (6h 51m)
- Total reading time: 121h 26m
- Books with time data: 32
